Chicago, Illinois 60604

Dear Mr. Skahn:

RE: I.S.S. Inspection of Interplastics Corporation
2015 N.E. Broadway Street
Minneapolis, Minnesota 55413
MND006151336

Enclosed for your review and consideration are the inspection report and materials from the December 1, 1981 hazardous waste compliance review of the Interplastics Corporation of Minneapolis.

A summary of the inspection includes the following points:

1. The Company filed a notification as required and is near compliance. The wastes listed in the notification should be modified to reflect actual waste generation which is:
 - a. 16,000 gallons per year of waste acetone;
 - b. 4,000 gallons per year of waste resins (hazardous);
 - c. Catalyzed waste resins.

2. Waste catalyzed resins are produced by the operation and are landfilled in hardened piece form and not landfilled in barrels.
3. Minor corrections in shipping paper waste descriptions were requested.
4. There is one barrel with the Interplastics' name that was observed in a field near Paynesville, Minnesota (see enclosed letter). The Company has agreed to pay for transport and proper disposal.

If there are any questions, feel free to contact Bruce Wilson of my staff at 612/297-2731.

Sincerely,

Bruce S. Davis, Head
Enforcement Unit
Regulatory Compliance Section
Solid and Hazardous Waste Division
